Event Recap – Monthly Members Ride - 28 June 2009 Blood donation drive and Ride into the sunset!

**Message from:
Barney Phillips
Assistant Director**

In support of the Singapore Red Cross and their constant need for blood donations we recently organised to link up with the Singapore Swimming Club's hosting of the mobile blood bank.

Several HOG members turned up to brave the needle and show true generosity of spirit by donating blood. The criteria for blood donations were quite demanding and a few who offered were unable to donate. Nevertheless they too need to be thanked for turning up with good intention.

If any member who could not attend on the day would like to donate blood then please contact the Red Cross on www.redcross.org.sg

After the blood donations were completed we returned to the dealership and collected a few more riders for a "Ride into the Sunset". Though advertised as a "Mystery ride" it turned out to actually be a ride into the SUNSET BAR & GRILL! We stayed until sunset before a free and easy ride home.

This is one of HOG Singapore's regular destinations and yet again we were welcomed with customary hospitality. The legendary Buffalo Wing eating competition of 2007 still gets a mention whenever HOG ride as a group to Jerry's renowned bar and although Peter Boys' record #26 has since been surpassed it has taken two years to lift the "chilli rating" to #30. We did not come close this time and even found the #3's and #7's a challenge so we better warm up next time before taking on this challenge again.

Ride Safe and Have Fun!
Barney,
Assistant Director.
